

Enriching Lives for a Brighter Tomorrow

Donate to the Life Enrichment Center and get 65% Virginia Tax Credit!

The Virginia Department of Education (VDOE) administers the Neighborhood Assistance Program (NAP) allowing individuals and businesses to receive state tax credits for donations to approved nonprofit organizations.

The Life Enrichment Center (LEC) is a non-profit organization providing literacy tutoring and other life-giving initiatives to families across our communities.

In return for contributions to the LEC, individuals and businesses can receive tax credits equal to 65% of the donation and applied to state income tax liability.

Approved NAP organizations and individuals are awarded allocations of tax credits for a 12-month period (July 1 – June 30). The LEC is an approved NAP organization with remaining allocations of tax credits.

Example: Donate \$10,000 and receive a \$6,500 Virginia tax credit, with an estimated remaining \$3,500 cost after the Virginia tax credit alone. Actual tax results may vary.

Item	Amount
Donation to the LEC	\$10,000
Virginia NAP Tax Credit (65%)	\$6,500
Estimated Cost after Virginia Credit Only	\$3,500

Interested in using NAP credits? Contact the LEC before making your gift so we can confirm whether credits are available and help you complete the required paperwork.
